**Peterson's AP European History** Jun 22 2022

The Young Emperor William II of Germany Oct 14 2021 The most interesting political character of the ending 19th century was undoubtedly the young man who filled the throne of the German Empire. Americans are so used to seeing young men filling important positions and administering great trusts that the mere question of age seems less important than it might be to members of other nationalities. But a man in his thirty-third year was unquestionably young to fill one of the highest yet almost irresponsible positions in the world. His opinions and actions were of vital significance to not merely his own subjects, but to the general interests of mankind, especially when it is remembered that he was the commander-in-chief of the most powerful of European armies, in discipline and organisation if not in mere numbers, and that his will and order could have set the world on fire. Hitherto he has, moreover, shown himself to be a man of no mean ability, very different from the non-entities that usually fill thrones, and his vast political power was enhanced by intellectual capacity of no mean order, backed by an imperious will. He seemed, in fact, on one side of his character at least, to be an ideal ruler. The present work is intended to give its readers a rapid view of the young Emperor's character and public action, with so much of history and political review as may be needed to a full sketch of a personage of such weight and value, and of the conditions in which he himself and his great empire were placed.

*The cult of the Duce* Feb 06 2021 The cult of the Duce is the first book to explore systematically the personality cult of the Fascist dictator Benito Mussolini. It examines the factors which informed the cult and looks in detail at its many manifestations in the visual arts, architecture, political spectacle and the media. The conviction that Mussolini was an exceptional individual first became dogma among Fascists and then was communicated to the people at large. Intellectuals and artists helped fashion the idea of him as a new Caesar while the modern media of press, photography, cinema and radio aggrandised his every public act. The book considers the way in which Italians experienced the personality cult and analyses its controversial resonances in the postwar period. Academics and students with interests in Italian and European history and politics will find the volume indispensable to an understanding of Fascism, Italian society and culture, and modern political leadership. Among the contributions is an Afterword by Mussolini's leading biographer, R.J.B. Bosworth.

*The Rome-Berlin Axis* Nov 03 2020 This is a new release of the original 1949 edition.

*Hitler and Nazi Germany* Oct 26 2022 This text is based on current research findings and is written for students and general readers who want a deeper understanding of this period in German history. It provides a balanced approach in examining Hitler's role in the history of the Third Reich and includes coverage of the economic, social, and political forces that made the rise and growth of Nazism possible; the institutional, cultural, and social life of the Third Reich; the Second World War; and the Holocaust.

*AP® European History Crash Course Book + Online* Mar 07 2021 REA's Crash Course for the AP® European History Exam - Gets You a Higher Advanced Placement® Score in Less Time About this new exam and test prep: The new AP® European History exam is structured around five course themes and 19 key concepts in four different chronological periods, from approximately 1450 to the present. REA's all-new AP® European History Crash Course is perfect for the time-crunched student, the last-minute studier, or anyone who wants a refresher on the subject. Are you crunched for time? Have you started studying for your Advanced Placement® European History exam yet? How will you memorize everything you need to know before the test? Do you wish there was a fast and easy way to study for the exam AND boost your score? If this sounds like you, don't panic. REA's Crash Course for AP® European History is just what you need. Our Crash Course gives you: Targeted, Focused Review - Study Only What You Need to Know The Crash Course is based on an in-depth analysis of the new AP® European History course description outline and actual AP® test questions. It covers only the information tested on the exam, so you can make the most of your valuable study time. Anything pre-1200 CE will fall under AP World History: Ancient and will not be on the May 2020 exam. Expert strategies for answering all question types Unit shortcut charts and key concepts at the beginning of each chapter to help organize a better study plan

*The Warlords* Jul 19 2019 Hindenburg and Ludendorff were two of the greatest generals of the First World War. At Tannenberg in 1914 their brilliance on the battlefield annihilated one Russian army completely, and drove a second from German territory in disarray. They repeated these feats time and again on the Eastern Front, and when Falkenhayn resigned as Chief of the Great General Staff in 1916 (partly through the pair's intriguing against him), Hindenburg was the natural choice to take over. where literally everything was geared towards helping the war effort, their influence reached into all parts of German life: not only the army but the economy, industry, the transport systems, and the production and distribution of food. Their power was such that they were able to force the resignation of three successive Chancellors and several government ministers. They meddled in foreign policy and affairs of state with such frequency that it was impossible for anyone of note to hold office without their approval. By the end of the First World War, Germany was effectively a military dictatorship. his concise but incredibly comprehensive history of the war, John Lee shows how Hindenburg and Ludendorff rose to power, and how their iron grip on the nation very soon brought Germany to the brink of starvation, with riots and industrial strikes reaching epidemic proportions. He also shows how their Prussian values not only contributed to Germany's downfall, but paved the way for an even more devastating war 20 years later.

**AP® Psychology Crash Course, For the New 2020 Exam, Book + Online** Jun 17 2019 For the New 2020 Exam! AP® Psychology Crash Course® A Higher Score in Less Time! At REA, we invented the quick-review study guide for AP® exams. When it's crucial crunch time and your Advanced Placement® exam is just around the corner, you need REA's Crash Course for AP® Psychology! About the Author Larry Krieger earned a B.A. in Psychology from the University of North Carolina at Chapel Hill and an M.S. from Wake Forest University. In a career spanning more than 40 years, Mr. Krieger has taught a variety of AP® subjects. His popular courses were renowned for their energetic presentations, commitment to scholarship, and helping students achieve high AP® exam scores. All of Mr. Krieger's students scored above a 3 on their AP® exams, with most students scoring a 4 or a 5. In 2004 and 2005, the College Board® recognized Mr. Krieger as one of the nation's foremost AP® teachers. Mr. Krieger's success has extended far beyond the classroom. He has written several history textbooks and is a co-author of REA's Art History AP® test preparation guide. His latest venture, the AP® Crash Course® series, helps students strategically and effectively prepare for their AP® exams.

*Global Trends 2030* Jan 25 2020 This publication covers global megatrends for the next 20 years and how they will affect the United States. This is the fifth installment in the National Intelligence Council's series aimed at providing a framework for thinking about possible futures and their implications. The report is intended to stimulate strategic thinking about the rapid and vast geopolitical changes characterizing the world today and

possible global trajectories during the next 15-20 years by identifying critical trends and potential discontinuities. The authors distinguish between megatrends, those factors that will likely occur under any scenario, and game-changers, critical variables whose trajectories are far less certain. NIC 2012-001. Several innovations are included in Global Trends 2030, including: a review of the four previous Global Trends reports, input from academic and other experts around the world, coverage of disruptive technologies, and a chapter on the potential trajectories for the US role in the international system and the possible the impact on future international relations. **Western Civilization to 1715** Mar 19 2022 Best-selling text, WESTERN CIVILIZATION has helped over one million students learn about the present by exploring the past. Jack Spielvogel's engaging, chronological narrative weaves the political, economic, social, religious, intellectual, cultural, and military aspects of history into a gripping story that is as memorable as it is instructive. Each chapter offers a substantial introduction and conclusion, providing students a context for these disparate themes. The clear narrative of a single gifted author makes it easy for students to follow the story of Western civilization. Spielvogel gives the book depth by including over 150 maps and excerpts of over 200 primary sources--including official documents, poems, and songs--that enliven the past while introducing students to source material that forms the basis of historical scholarship. Available in many split options: WESTERN CIVILIZATION, Comprehensive, 6th Edition (Chapters 1-29), ISBN: 0534646026; WESTERN CIVILIZATION, Volume I, To 1715, 6th Edition (Chapters 1-16), ISBN:0534646034; WESTERN CIVILIZATION, Volume II, Since 1500, 6th Edition (Chapters 13-29), ISBN:0534646042; WESTERN CIVILIZATION, Volume A: To 1500, 6th Edition (Chapters 1-12), ISBN: 0534646050; WESTERN CIVILIZATION, Volume B: 1300-1815, 6th Edition (Chapters 11-19), ISBN:0534646069; WESTERN CIVILIZATION, Volume C: Since 1789, 6th Edition (Chapters 19-29), ISBN: 0534646077; WESTERN CIVILIZATION, Since 1300, 6th Edition (Chapters 11-29), ISBN:0534646085.

The Encyclopaedia Britannica Oct 22 2019 This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

**The Rite of Spring** Jul 31 2020 The Rite of Spring was commissioned as an orchestral work for a ballet and premiered in Paris in 1913. Differing views of both the music and choreography led to a riot by the audience. The piece is divided into two parts: "The Adoration of the Earth" and "The Exalted Sacrifice." Stravinsky's piece has many defining characteristics, such as its polytonalities, polyrhythms, ostinato layers, and dissonance. This piano reduction for one piano, four hands was written by Stravinsky.

**Achiever** Oct 02 2020 The most well-respected, teacher-recommended guide to the AP European History exam is back and better than ever! Written by a long-time leader in the AP Euro community, ACHIEVER is meticulously crafted to the AP Euro course and exam to ensure a standard of excellence that far surpasses the "premium" products that big-box publishers crank out year after year. The new Third Edition, now published by Sherpa Learning, has been updated to align to the latest College Board standards for the redesigned course, and expanded to include hundreds of new test items complete with answer explanations and sample responses.

**Half Sick of Shadows** Dec 04 2020 "Laura Sebastian is the next Madeline Miller. . . a fierce, fresh, lyrical tale that will enthrall until the last page."--Kate Quinn, New York Times bestselling author of The Huntress A Popsugar Best Summer Read of 2021 A Bibliolifestyle Most Anticipated Summer 2021 Sci-fi and Fantasy Book "Magical, haunting, unique--I haven't been so excited about an Arthur book since I read The Once and Future King ."--Tamora Pierce, #1 New York Times bestselling author The Lady of Shalott reclaims her story in this bold feminist reimagining of the Arthurian myth from the New York Times bestselling author of Ash Princess. Everyone knows the legend. Of Arthur, destined to be a king. Of the beautiful Guinevere, who will betray him with his most loyal knight, Lancelot. Of the bitter sorceress, Morgana, who will turn against them all. But Elaine alone carries the burden of knowing what is to come--for Elaine of Shalott is cursed to see the future. On the mystical isle of Avalon, Elaine runs free and learns of the ancient prophecies surrounding her and her friends--countless possibilities, almost all of them tragic. When their future comes to claim them, Elaine, Guinevere, Lancelot, and Morgana accompany Arthur to take his throne in stifling Camelot, where magic is outlawed, the rules of society chain them, and enemies are everywhere. Yet the most dangerous threats may come from within their own circle. As visions are fulfilled and an inevitable fate closes in, Elaine must decide how far she will go to change destiny--and what she is willing to sacrifice along the way.

Magnalia Christi Americana Apr 08 2021

**Bluets** Jul 11 2021 Suppose I were to begin by saying that I had fallen in love with a color . . . A lyrical, philosophical, and often explicit exploration of personal suffering and the limitations of vision and love, as refracted through the color blue. With Bluets, Maggie Nelson has entered the pantheon of brilliant lyric essayists. Maggie Nelson is the author of numerous books of poetry and nonfiction, including Something Bright, Then Holes (Soft Skull Press, 2007) and Women, the New York School, and Other True Abstractions (University of Iowa Press, 2007). She lives in Los Angeles and teaches at the California Institute of the Arts.

**Barron's AP European History** May 21 2022 Offers chapter reviews of AP European history topics, advice on preparing for the test, and two full-length practice exams with answers and explanations.

**The European Union** Jul 23 2022 The European Union (EU) is a political and economic partnership that represents a unique form of cooperation among sovereign countries. The EU is the latest stage in a process of integration begun after World War II, initially by six Western European countries, to foster interdependence and make another war in Europe unthinkable. The EU currently consists of 28 member states, including most of the countries of Central and Eastern Europe, and has helped to promote peace, stability, and economic prosperity throughout the European continent. The EU has been built through a series of binding treaties. Over the years, EU member states have sought to harmonize laws and adopt common policies on an increasing number of economic, social, and political issues. EU member states share a customs union; a single market in which capital, goods, services, and people move freely; a common trade policy; and a common agricultural policy. Nineteen EU member states use a common currency (the euro), and 22 member states participate in the

Schengen area of free movement in which internal border controls have been eliminated. In addition, the EU has been developing a Common Foreign and Security Policy (CFSP), which includes a Common Security and Defense Policy (CSDP), and pursuing cooperation in the area of Justice and Home Affairs (JHA) to forge common internal security measures. Member states work together through several EU institutions to set policy and to promote their collective interests. In recent years, however, the EU has faced a number of internal and external crises. Most notably, in a June 2016 public referendum, voters in the United Kingdom (UK) backed leaving the EU. The pending British exit from the EU (dubbed "Brexit") comes amid multiple other challenges, including the rise of populist and to some extent anti-EU political parties, concerns about democratic backsliding in some member states (including Poland and Hungary), ongoing pressures related to migration, a heightened terrorism threat, and a resurgent Russia. The United States has supported the European integration project since its inception in the 1950s as a means to prevent another catastrophic conflict on the European continent and foster democratic allies and strong trading partners. Today, the United States and the EU have a dynamic political partnership and share a huge trade and investment relationship. Despite periodic tensions in U.S.-EU relations over the years, U.S. and EU policymakers alike have viewed the partnership as serving both sides' overall strategic and economic interests. EU leaders are anxious about the Trump Administration's commitment to the EU project, the transatlantic partnership, and an open international trading system—especially amid the Administration's imposition of tariffs on EU steel and aluminum products since 2018 and the prospects of future auto tariffs. In July 2018, President Trump reportedly called the EU a "foe" on trade but the Administration subsequently sought to de-escalate U.S.-EU tensions and signaled its intention to launch new U.S.-EU trade negotiations. Concerns also linger in Brussels about the implications of the Trump Administration's "America First" foreign policy and its positions on a range of international issues, including Russia, Iran, the Israeli-Palestinian conflict, climate change, and the role of multilateral institutions. This report serves as a primer on the EU. Despite the UK's vote to leave the EU, the UK remains a full member of the bloc until it officially exits the EU (which is scheduled to occur by October 31, 2019, but may be further delayed). As such, this report largely addresses the EU and its institutions as they currently exist. It also briefly describes U.S.-EU political and economic relations that may be of interest.

**Princeton Review AP European History Prep, 2021** Apr 20 2022 Make sure you're studying with the most up-to-date prep materials! Look for the newest edition of this title, The Princeton Review AP European History Prep, 2022 (ISBN: 9780525570660, on-sale August 2021). **Global Status Report on Alcohol and Health 2018** Apr 27 2020 The report provides an overview of alcohol consumption and harms in relation to the UN Sustainable Development Goals (Chapter 1) presents global strategies action plans and monitoring frameworks (Chapter 2) gives detailed information on: the consumption of alcohol in populations (Chapter 3); the health consequences of alcohol consumption (Chapter 4); and policy responses at national level (Chapter 5). In its final chapter 6 the imperative for reducing harmful use of alcohol in a public health perspective is presented. In addition the report contains country profiles for WHO Member States and appendices with statistical annexes a description of the data sources and methods used to produce the estimates and references.

Hitler and Germany Nov 15 2021 Chronicles the rise of Hitler from a poor worker in Vienna to the powerful dictator of Germany who influenced the course of world history.

Dietary Reference Intakes for Vitamin A, Vitamin K, Arsenic, Boron, Chromium, Copper, Iodine, Iron, Manganese, Molybdenum, Nickel, Silicon, Vanadium, and Zinc Sep 01 2020 This volume is the newest release in the authoritative series issued by the National Academy of Sciences on dietary reference intakes (DRIs). This series provides recommended intakes, such as Recommended Dietary Allowances (RDAs), for use in planning nutritionally adequate diets for individuals based on age and gender. In addition, a new reference intake, the Tolerable Upper Intake Level (UL), has also been established to assist an individual in knowing how much is "too much" of a nutrient. Based on the Institute of Medicine's review of the scientific literature regarding dietary micronutrients, recommendations have been formulated regarding vitamins A and K, iron, iodine, chromium, copper, manganese, molybdenum, zinc, and other potentially beneficial trace elements such as boron to determine the roles, if any, they play in health. The book also: Reviews selected components of food that may influence the bioavailability of these compounds. Develops estimates of dietary intake of these compounds that are compatible with good nutrition throughout the life span and that may decrease risk of chronic disease where data indicate they play a role. Determines Tolerable Upper Intake levels for each nutrient reviewed where adequate scientific data are available in specific population subgroups. Identifies research needed to improve knowledge of the role of these micronutrients in human health. This book will be important to professionals in nutrition research and education.

AP European History Premium Jun 29 2020 Always study with the most up-to-date prep! Look for AP European History Premium, 2022-2023, ISBN 9781506278483, on sale January 4, 2022. Publisher's Note: Products purchased from third-party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitles included with the product.

*A Little History of the World* Feb 18 2022 E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

**The Atomic Bomb and the End of World War II** Feb 24 2020 This book discusses the decision to use the atomic bomb. Libraries and scholars will find it a necessary adjunct to their other studies by Pulitzer-Prize author Herbert Feis on World War II. Originally published in 1966. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
