[Accounting under IndAS: An Illustrative Manual](#) Dec 21 2021 About the book: Ind AS transition has resulted in high-quality, principles-based, globally comparable financial reporting of large Indian companies. The transition not only impacted the financial results of companies, but also caused far-reaching consequential business impact. Since last two years, there have been several changes in Ind AS for example, amendments in the revenue recognition standard and new leases standard has drastically changed the performance reporting in the balance sheet composition of companies. Further, certain Ind AS principles are implicitly complex, for example, the accounting for financial instruments, acquisitions and business combinations are quite nuanced and can get difficult to apply without proper understanding. Towards this end, this book attempts to provide insights and in-depth analysis on interpretative issues and complex principles in the Ind AS standards. Ind AS contains extensive presentation and disclosure requirements. The relevant chapters extensively deal with these requirements with illustrative examples. To simplify the reading experience, the chapters include a brief, easy-to-understand, summary of the relevant standard, followed by Frequently Asked Questions (FAQs) on the chapter. Coronavirus (COVID-19) has also resulted in widespread economic uncertainty and disruption of businesses. There have been far-reaching implications on financial reporting.

These circumstances would potentially present entities with several challenges when preparing their financial statements. This Edition covers some of the key financial reporting implications by way of FAQs in related chapters that companies need to consider along with the possible approaches that they may consider to dealing with the same keeping in view the business objectives, financial covenants and the accounting standards. This book is intended to help the companies to identify Ind AS requirements that are relevant to them and evaluate various accounting policy choices available under Ind AS. The disclosure related issues would be useful to benchmark with the Ind AS/IFRS disclosures of major companies. Currently, there is limited literature of the Ind AS application issues. This book endeavors to provide guidance on these issues. The book would be an immensely useful referencer for professionals, practitioners and corporates.

An Introduction to Astrology by William Lilly Mar 31 2020 ??An Introduction to Astrology by William Lilly??

With 36 illustrations. First published in 1647, as Christian Astrology, this is one of the best known post-classical works on Astrology. The present edition, heavily edited, was released under the current title in 1852. Horary Astrology, the subject of this book, interprets planetary positions to answer a wide range of questions, from lost dogs and stolen fish, to the death of kings. ??An Introduction to Astrology by William Lilly?? While there is a basic repertoire of interpretations, the horoscope is used as a jumping off point for the astrologer's intuition. And Lilly apparently had spectacularly good intuition. His famous prediction of the London fire of 1666 was so accurate that he was suspected of starting it, a charge he was later acquitted of. ??An Introduction to Astrology by William Lilly?? Lilly also used Astrology in medical practice and this book discusses the use of horoscopes in diagnosing diseases, determining whether a patient will die or get better, and so on.

**Educated** Sep 29 2022 #1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University "Extraordinary . . . an act of courage and self-invention."—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR • BILL GATES'S HOLIDAY READING LIST • FINALIST: National Book Critics Circle's Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love?
