Best Care Anywhere Mar 12 2021 "Once denigrated for shoddy care and antiquated systems, the VA health system has become a hallmark of excellence and technical innovation. Best Care Anywhere uses the VA turnaround to illustrate deeper lessons for the U.S. health care system. In particular, it shows how fee-for-service healthcare leads to more expensive, less comprehensive, and less effective healthcare. Takeaway: efficient electronic medical records are the secret key to better health outcomes. New to this edition is a particular focus on the trials and tribulations of "Obamacare," the Ryan proposal, and the fiscal crisis. It also includes new success stories of "exporting" the VA VistA system in West Virginia and Texas as well as completely updated statistics and research, including 2011 cancer studies by Harvard University that prove VA cancer patients outlive cancer patients in traditional healthcare."-- Provided by publisher.

The Complete Poems of John Donne Dec 09 2020 The Poems of John Donne is one volume paperback edition of the poems of John Donne (1572-1631) based on a comprehensive re-evaluation of his work from composition to circulation and reception. Donne's output is tremendously varied in style and form and demonstrates his ability to exercise his rhetorical capabilities according to context and occasion. This edition aims to present the text of all his known poems, from the epigrams, songs and satires written for fellow young men about town, to the more mature verse-epistles and memorial elegies written for his patrons. The Longman Annotated English Poets series traditionally aims to present poems in chronological order; in this edition, however, the principle has been observed only within generic sections. This organisation reproduces the manner in which Donne's original readers first encountered the poems in the various manuscripts of his elegies and satires that circulated in Donne's lifetime. Volume One contains the Epigrams, Verse Letters to Friends, Love Lyrics, Love Elegies and Satires; Volume Two contains the religious poems, Wedding Celebrations, Verse Epistles to Patronesses, Commemorations, and the Anniversaries. The lyrics have been arranged alphabetically for ease of reference and because, in all but a few cases, precise date of composition is impossible to determine. Each poem has extensive editorial commentary designed to put the twenty-first century reader in possession of all that is necessary fully to appreciate Donne's work. A substantial headnote sets each poem in its historical and literary context, while the annotations give detailed guidance on the wealth of classical and religious allusions and give full representation to the literary, historical and philosophical culture out of which the poems grew. In keeping with the traditions of the series, Donne's own text has been modernised in punctuation and spelling except where to do so would alter or disrupt a rhyme

Best Care Anywhere Feb 20 2022 "An outstanding book . . . documents how the VA's system of integrative care outperforms the models used by private insurers." —USW Blog (United Steelworkers) NEW EDITION, REVISED AND UPDATED Phillip Longman tells the amazing story of the turnaround of the Department of Veterans Affairs health-care system from a dysfunctional, scandal-prone bureaucracy into the benchmark for high-quality medicine in the United States. Best Care Anywhere shows that vast swaths of what we think we know about health, health care, and medical economics are just plain wrong. And the book demonstrates how this extraordinarily cost-effective model, which has proven to be highly popular with veterans, can be made available to everyone. New to this edition is an analysis of how the shortcomings of both so-called Obamacare and Republican plans to privatize Medicare reinforce the need for applying the lessons of the VA. Also included are completely updated statistics and research, as well as examples of how the private sector is already beginning to learn from the VA's example. "Among the most important social policy books published in the last decade." —Ezra Klein, The Washington Post "Read Best Care Anywhere not just to learn about one of our public health agencies that is a global star in terms of cost effective, evidence-based results, but also to learn how your own health care process can be improved by adopting the Veterans Health Administration's methodology for transparency and patient-centered care." —New York Journal of Books

The Longman Anthology of British Literature Feb 08 2021 The Longman Anthology of British Literature is the most comprehensive and thoughtfully arranged text in the field, offering a rich selection of compelling British authors through the ages. With its first edition, The Longman Anthology of British Literature created a new paradigm for anthologies. Responding to major shifts in literary studies over the past thirty years, it was the first collection to pay sustained attention to the contexts within which literature is produced, even as it broadened the scope of that literature to embrace the full cultural diversity of the British Isles. Within its pages, canonical authors mingle with newly visible writers; English accents are heard next to Anglo-Norman, Welsh, Gaelic, and Scottish ones; female and male voices are set in dialogue; literature from the British Isles is integrated with post-colonial writing; and major works are illumined by clusters of shorter texts that bring literary, social, and historical issues vividly to life. The Fifth Edition builds on the pioneering features of the previous four editions, expanding the strong core of frequently taught works while continuing to lead the way in responding to the shifting interests of the discipline.
